

Químicos Essiod

Larderello Group

QUALITY AND FOOD SAFETY POLICY

Químicos Essiod S.A. is a company dedicated to the development, production, commercialization, and delivery of polyaminocarboxylic chelating agents and their salts for various applications, as well as nutrients for agricultural use.

The Management of QUÍMICOS ESSIOD S.A. is committed to the following principles:

- Providing our customers with products that meet the highest standards of quality and food safety, preventing the occurrence of any type of risk.
- Complying with the requirements agreed upon with customers, as well as all legal and regulatory requirements related to our industry.
- Continuously improving the quality of our products and services through the periodic review of our Quality and Food Safety Management System.
- Promoting an organizational culture focused on quality and food safety, encouraging the shared responsibility of all employees.
- Meeting the training needs of our personnel regarding topics related to the implemented Management Systems.
- Maintaining both internal and external communication channels that allow us to respond to information requests related to the implemented Management Systems.
- Providing training and resources to our employees to prevent injuries and health deterioration.
- Providing adequate infrastructure for production, sales, and collection processes, in order to achieve the company's goals.
- Managing strategies to minimize the waste generated by our operations.

All these principles are supported by the values that guide Químicos Essiod S.A.: honesty, responsibility, trust, respect, and commitment. The Management adopts the establishment and review of Quality and Food Safety Objectives, using this Policy as a reference.
